

## Engineering Campus

- |    |  |    |   |
|----|--|----|---|
| 1  | Aerodynamics Lab                           | 19 | Micro and Nanotechnology Lab                    |
| 2  | Aeronautical Lab                           | 20 | National Center for Supercomputing Applications |
| 3  | Beckman Institute                          | 21 | Newmark Lab                                     |
| 4  | Ceramics Building                          | 22 | Nuclear Engineering Lab                         |
| 5  | Ceramics Kiln House                        | 23 | Nuclear Radiations Lab                          |
| 6  | Coordinated Science Lab                    | 24 | Optical Physics and Engineering Lab             |
| 7  | Digital Computer Lab                       | 25 | Roger Adams Lab                                 |
| 8  | Engineering Hall                           | 26 | Frederick Seitz Materials Research Lab          |
| 9  | Engineering Senior Design Studio           | 27 | Siebel Center                                   |
| 10 | Engineering Sciences Building              | 28 | Superconductivity Center                        |
| 11 | Engineering Student Project Lab            | 29 | Talbot Lab                                      |
| 12 | Everitt Lab                                | 30 | Transportation Building                         |
| 13 | Grainger Engineering Library               | 31 | New Electrical & Computer Engineering Building  |
| 14 | Hydrosystems Lab                           | 32 | Bardeen Quad                                    |
| 15 | Loomis Lab                                 | 33 | Illini Union                                    |
| 16 | Materials Science and Engineering Building | 34 | Parking Garage                                  |
| 17 | Mechanical Engineering Building            |    |   |
| 18 | Mechanical Engineering Lab                 |    |   |
